It has been hoped that be seen at the end of the pond, standing out of the water like a monument or a lighthouse, while on both sides the but the material which has arrived is only a part of whit will be necessary to carry on the work. Once started, the drilling will be pushed along as fast as possible, the contract calling for the operation of the drills night and day, has as soon as the company is able to secure the man. This will intern that the wells will be sunk two to three times as only as ordinarily saines as possible whenever the opporto three times as quick as ordinarily, saving as possible whenever the opportune then but eight or nine hours constitute the running time. It is possible that many are doing all they can in that ten to twenty days of such work this direction, but it is a case where will send the shafts to a depth where everyone and not a few should be economical.

ceived.

Superintendent Corkery was at the reservoir on Saturday and found that it was 252 inches below high water mark and dropping at the rate of two inches a day. Though he did not visit there Sunday he believed that from former measures and the regular drop that on Sunday it was 254 inches down and this morning it is 255, and possibly

MAYOR THAYER'S LETTER TO STILES JUDSON.

Rev. W. T. Thayer to Make Address Declares in Favor of Parcels Post and

The Baptist church of North Lyme will on Tuesday aftrnoon and evening celebrate its 106th anniversary with appropriate exercises, having as the principal speaker of the evening Rev. William T. Thayer of this city. An interesting programme has been arranged to open at lo'clock. It is as follows:

In a congratulatory letter Saturday to Stiles Judson on the state's altornow's nomination for state semator from the Twenty-fifth senatorial district. Mayor Charles F. Thayer, demorated candidate for United States senator, declared in favor of paycels post and retrenchment in conducting the nation's business. Also, he took a fling Afternoon—Devotional eservices, led nation's business. Also he took a fling by Rev. J. G. Ward of Leffinwell; 1.30, at Aldrich and rubber, Senator Bulkeat Aldrich and rubber, Senator Bulke-ley and ex-Governor McLean and other "pobbles on the senatorial beach." Cailing Mr. Judson a democrat, Mayor Thayer continued: "I have al-ways known you as a democrat in the republican party. These are days when parties don't count. It's a question now between democrats and the special interests and their agents and representatives."

Thayer asked Judson not to vote to send Bulkeley or McLean to the national senate. "To do so would be to place your O. K. on their methods of getting to the senate, and I know which way the wheels under your hat revolve."

revolve."

The letter is as follows:
An open letter to the Hon. Stilles

Congratulations, my good jimmykrat and friend, on your nomination. I have always known you as a jimmykrat in the republican party. These are days when parties don't count. It's a question now between democrats—real democrats—and the special interests democrats—and the special interests and their agents and representatives. Congratulations also to the people of your district. It is refreshing to know of one senator able to stand on his own feet. Between us, you will not vote to send either Bulkeley or Gentleman Gaorge to the hie senate. To do so to send either Bulkeley or Gentleman George to the big senate. To do so would be to place your O. K. on their methods of getting to the senate, and I know which way the wheels under your hat revolve. You believe with the late Senator Hoar that obedience to the senator Hoar that obedience the senator Hoar that obedience to the senator Hoar that the Guggenheims, the Aldriches and

Bulkeleys win, liberty languisheth.

I am out for the big senate—the same old senate where Aldrich revises the inriff down'ards by pushing the rubber schedule up'ards. But do not think that I am the only pebble on the senatorial heach or in that neighborhood. Did you ever see a pickeral lying beneath a lily pad watching for a shiner to come along? Well, there are several political pickeral in the shadow of the lily pad just waiting to see my open letters bring a democratic legislature to Hartford next January. Then they expect to dart out into the sunlight and grab the shining senatorship. I want to warn you of the situation, brother. All the finny tribe swim in the waters of the special interests while my chief claim on the senatorship is my democracy. As I Bulkeleys win, liberty languisheth. senatorship is my democracy. As I count on you to help push a good thing along towards Washington, it is due to you that I present you with one or two of the planks of my platform. Plant No. I is democracy; and democ-

tion on the caucus list.

Plank No. 2 is negative. I cannot buy the senatorship if I would. 1 wouldn't buy it if I could. Plank No. 3. I am for the exten-ion of the parcels post in these United

post now; not in that future which never arrives.

Plank No. 5. I am for the parcels post because it is in the interest of the plain people whom Lincoln loved; because they want it; because they have the right to obtain from their own government just what they want when they want it.

Plank No. 6. I represent no spacial interest—not even my own. Up to date

Plank No. 6. I represent no spacial interest—not even my own. Up to date but one person has so much as whispered that he would assist my candidacy—so I walk alone thus far, but the walking is good, I thank you, and the race is not to the swit.

Plank No. 7. I am for saving the people that \$300,000,000 a year which Aldrich says is easy. Of course, Aldrich couldn't bother his head about a saving op that side for he represented not the plain people whom Lincoln loved. He was representing the rubber interests and it kept him basy revising the He was representing the rubbar interests and it kept him busy revising the tariff downward by elevating the rubber schedule so the \$300,000,000 would stretch out to rubber. Of course I probably wouldn't save the whole \$300,000,000 the first year. But suppose I saved to the plain people 30 cents or so, don't you see it would be going some for a greenborn as against a seasoned old trustificator like Aldrich, who saveth not at all to the plain who saveth not at all to the plain ones?

Some more planks later. Speaking of Aldrich and rubber-(and what an elastic bouncing sound heard the Aldrich yell? Listen. I caught on to it when the rubber one in his yacht "Owera" lay in the mist off Eeverly awaiting the president's

off Beverly awaiting the president's signal to come ashore.

Here you have it: O-we-ra, O-we-ra, rah-rah-rah. Rubber-r-r-r-r-r-r.

Aldrich being in the dismal smamp class, we have decided that this shall be the official yell for all candidates for the dismal swamp this fall. Don't fall to hand it out to them. Once more, all together—O-we-ra, O-we-ra, rah-rah-rah. Rubber-r-r-r-r-r-r. Oh, the dismal swamp!

Have you seen appthing of Buikeley? racy is something more than registra-

ismal swamp!
Have you seen anything of Buikeley?
Ho, for the senate.
CHAS. F. THAYER.
